Statement on Covid 19 – Coronavirus

Dear Customer

We would like to inform you that CSH Environmental Ltd are fully aware and closely monitoring the advice and guidance being issued from local health authorities and government regarding the current situation and will use this information and implement any action accordingly.

We would like to assure our customers that everything that can be done is being done to ensure that in the event that our staff are affected the impact on services will be minimised as far as possible. If an outbreak does occur then depending on the severity and numbers it is fair to say some services may well be affected whilst remaining staff are re-tasked and vehicles and equipment decontaminated.

Unfortunately like most we do not have the resources to avoid serious disturbances to staffing levels due to an unprecedented situation and would ask you that if this event was to happen please be patient and give us time to react, we will of course keep you informed.

Thank you for your cooperation

Yours faithfully

A handwritten signature in black ink, appearing to read 'M R Slade', is written over a light blue background.
